Grantee Highlights

Building Community Through Giving

Becky's Place has received two grants from CVCF since 2014, totaling \$3,500. The most recent grant, for \$1,500, helped Becky's Place purchase security cameras for their safe house. "It allows us to sleep much safer," says Jackie Mazeikas, "knowing we now have visibility of who is outside our building or at our door. It offers us another layer of protection. For me and the women it is priceless."

Between 2014 and 2016 Becky's Place served 73 women and children and 4 men.

Jackie Mazeikas, Director of Becky's Place, at the safe house.

"Your support means so much. It allows us to help others. When we provide a woman and child a safe environment, you are right there with us."
