Grantee Highlights

Building Community Through Giving

Takshanuk Watershed Council's Fish Trivia was offered at Haines school, once a week during the lunch hour, to students from kindergarten through 6th grade. This was a great opportunity to acquaint our kids with local marine life. Principal René Martin said Fish Trivia was a highlight of the week for the students, staff, and parents. Many parents tried to come for lunch on Fish Trivia day so that they could also check it out.
